\*\*\* CORPS ENVIRONMENTAL PRINCIPLES \*\*\*

- Strive to achieve environmental sustainability
- Recognize the interdependence of life and the physical environment
- Seek balance and synergy among human development activities and natural systems
- Continue to accept corporate responsibility and accountability under the law
- Seek ways and means to access and mitigate cumulative impacts to the environment
- Build and share an integrated scientific, economic, and social knowledge base
- Respect the views of individuals and groups interested in Corps activities

Subject: [EXTERNAL] how did your Climax trip go - will you write up trip reports

How do you feel the visit went? Will the Corps staff write up trip reports in addition to the delineation information? I heard that Julia will send a summary after she returns to the office this week.
